

At

**We want to collect data for the study of language and communication by people with aphasia.**

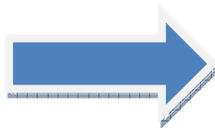

**Where?**

You  at the clinic:

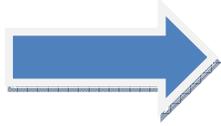

**When?**

**to be arranged**

## How often?

**Session**

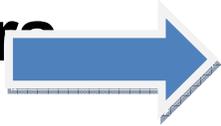

**1**

## How long?

**1 3 hours**

**BUT**

If you get **tired** we will **stop** and **start** again another day.

**When we meet:**

**we will video tape you,**

**and record the session.**

**We will ask you to describe pictures.**

**We will ask you to discuss events in your life.**

**You will also complete Aphasia Tests.**

The data from this study will be shared on a password - protected database called “Aphasia Talkbank”.

**Who will have access to these data?**

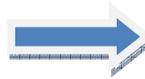

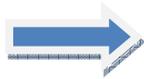

Researchers of aphasia

with a password to this database.

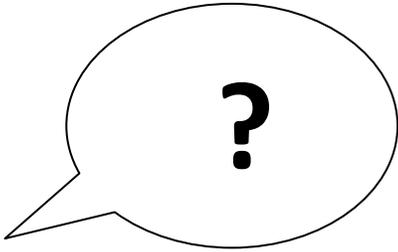

**Your participation is voluntary**

**YES / NO**

**You can withdraw from this study  
at any time.**

**Questions about the study?**
