

**PERMISSION TO DISTRIBUTE TRANSCRIPT DATA  
THROUGH TALKBANK  
Carnegie Mellon University**

Carnegie Mellon University is participating in a data-sharing program known as TalkBank that was established through federal and foundation grants to Brian MacWhinney at Carnegie Mellon. For the program to function properly, contributors will be asked to and will give permission for their work to be made available to other researchers. With a full understanding of the aforementioned, I hereby give permission to TalkBank to make and circulate electronic copies of the language transcripts and media that I describe below. These copies may be distributed to scholars and other responsible parties. I warrant that this use of the data is in accord with Human Subjects review procedures at my institution and that participants have given informed consent to have their data available to researchers. I also warrant that there is no copyright restriction over the transcripts and media being circulated. Any further restrictions that I wish to place on the use of these data are listed under (2) below. I do not hold Brian MacWhinney or Carnegie Mellon responsible for the enforcement of these further restrictions and indemnify and render harmless both Brian MacWhinney and Carnegie Mellon University against any actions at law or in equity or in similar courts of any jurisdictions arising from violations of these restrictions.

1. General description of the data set, and IRB Approval # (if available):

LANGSNAP 3.0. This project investigates the long-term evolution of foreign language proficiency post-instruction and study/residence abroad, an important and understudied area of research relevant to second language acquisition. Data include anonymized audio and transcripts of oral interviews (semi-structured interviews led by a member of the research team); Story retelling (a story guided by a sequence of pictures); Argumentative writing (a timed 150-word response to a stimulus question). IRB#: Pro00025842

2. Restrictions to be placed on the use of the data:

none
